

Macys, Inc. has selected **Inovis** as its preferred Electronic Data Interchange (EDI) provider and will migrate to Inovis' next generation value-added network (VAN). In addition, Macy's will continue to align product data for synchronization using **Inovis Catalogue** .

More information is forthcoming via email and www.MacysMG.com .

For more information on how to enable connectivity for the Inovis VAN, please access www.inovisworks.net .

You may also contact Inovis by telephone at 877-4-INOVIS option 4, or via email at info@inovis.com.
